International Ophthalmology **16**: 485–489, 1992.

Contents Volume 16 1992

Volume 16 No. 1

Lens opacity: a population study
R. De Natale and J. Flammer 1
Acute tear of the retinal pigment epithelium
B.C.K. Patel, M. Barondes and A.M.P. Hamilton 7
Analysis of aqueous humour in uveitis by high performance liquid chromatography and sodium dodecyl sulphate-polyacrylamide gel electrophoresis
P.I. Murray, R. Hoekzema, L. Luyendijk and A. Kijlstra 15
Relationship between precorneal retention of viscous eye drops and tear fluid composition
A. Ludwig, N.J. Van Haeringen, V.M.W. Bodelier and M. Van Ooteghem 23
Anti-inflammatory effects of vitamin E on experimental lens-induced uveitis
L. Cid, G. Pararajasegaram, A. Sevanian, W. Gauderman, J.L. Romero, G.E. Marak, Jr. and N.A. Rao 27
Entoptic visualisation of cataract: does this give an accurate description of cataract?
G.A. Shun-Shin and N.P. Brown 33
Unusual MRI findings in metastatic carcinoma to the choroid and optic nerve: a case report
P. De Potter, J.A. Shields, C.L. Shields, L.A. Yannuzzi, Y.E. Fisher and V.M. Rao 39
Refractive accommodative esotropia: a surgical problem?
G.K. von Noorden and C.W. Avilla 45
Vogt-Koyanagi-Harada disease in monozygotic twins
S. Itho, S. Kurimoto and T. Kouno 49

Book reviews
B.R. Masters, Noninvasive diagnostic techniques in ophthalmology (H. Priem) 55
J.E. Rathbun, Eyelid surgery (H. Verbraeken) 56
K. Lucke and H. Laqua, Silicone oil in the treatment of complicated retinal detachments. Techniques, results and complications (H. Verbraeken) 56

Volume 16 No. 2

Glaucoma: mechanical or vascular pathogenesis?
E.L. Greve 63
Platelet aggregation, disc haemorrhage and progressive loss of visual fields in glaucoma
P.F.J. Hoyng, N. de Jong, H. Oosting and J. Stilma 65
Biological modifications of the vitreous in intraocular parasitosis: preliminary study
S. Liotet, E. Bloch-Michel, J.C. Petithory, L. Batellier and C. Chaumeil 75
Flow patterns of blood cells in the retinal capillaries
J. Ben-nun, V. Alder, D. Thompson and I.J. Constable 81
Uveal melanoma: therapeutic consequences of doubling times and irradiation results; a review
W.A. Manschot and R. van Strik 91
Collagen shields and intraocular drug delivery: concentration of gentamicin in the aqueous and vitreous of a rabbit eye after lensectomy and vitrectomy
N. Baziuk, C.M. Gremillion Jr., G.A. Peyman and Ho Kyun Cho 101
Clearance of microsphere-entrapped 5-fluorouracil and cytosine arabinoside from the vitreous of primates
G.A. Peyman, M. Conway, B. Khoobehi and K. Soike 109
Epikeratophakia: histopathological and cultural study
G.M. Cavallini, L. Longanesi, A. De Pol, E.C. Campos and R. Guerra 115

Extended-wear of high oxygen-permeable quantum contact lenses
J.H.C. Kok, H.J. Hilbrink, R.M. Rosenbrand and R. Visser 123

Unnecessary surgery in full refractive accomodative esotropia
A. Jampolsky, G.K. von Noorden and M. Spiritus 129
Reply, M.H. Gobin 130

Book reviews
Converting to phacoemulsification (R. Van Oye) 90
Myopia: prevalence and progression (M. Hanssens) 100
Night vision, basic, clinical and applied aspects (A. De Rouck) 108
Considerations in contact lens use under adverse reactions (V. Beirnaert) 122
Advances in photoreception: proceedings of a symposium on frontiers of visual science (J. Vernon Odom) 128

Volume 16 No. 3

P.J. Polkinghorne, A.I. Uliss & A.M.P. Hamilton, Macular oedema and retinal neovascularisation in juvenile diabetics 133
N.C. Desai, S. Desai & R. Desai, Xerophthalmia clinics in rural eye camps 139
G. Doekes, L. Luyendijk, M.J. Gerritsen & A. Kijlstra, Anti-retinal S-antigen antibodies in human sera: a comparison of reactivity in Elisa with human or bovine S-antigen 147
S.A. Cruz, M. Karaçorlu & G.A. Peyman, Retinal toxicity of intravitreal lazaroid (21-aminosteroid U75412E) 153
L. Pierro, R. Brancato, E. Zaganelli, L. Guarisco & P. Lanzetta, Ocular involvement in acute lymphoblastic leukemia: an echographic study 159
M. Singh & B. Kaur, Postural behaviour of intraocular pressure following trabeculoplasty 163
T. Kaercher, D. Möbius & R. Welt, Biophysical characteristics of the Meibomian lipid layer under *in vitro* conditions 167
T.S. Lim, F.P. Gunning & E.L. Greve Astigmatism following cataract surgery: comparison of a scleral and a corneal incision in a mixed group of patients with and without glaucoma 177

Short communication
A. Pinckers, Berson test for blue cone monochromatism 185

Case report
R. Guerra, G.M. Cavallini, L. Longanesi, C. Casolari, G. Bertoli, F. Rivasi & U. Fabio, *Rhodotorula glutinis* keratitis 187

Section: New developments, products, and techniques
G.A. Shun-Shin, N.P. Brown & L. Benjamin, Anterior segment photography using the Oxford retro-illumination camera 191

Section: Geographical ophthalmology
R.R. Berger & E.J. McGrath, A 'tent trabeculectomy' (T.T) – surgical alternative for countries of the Third World 195

Book reviews
Wright et al. eds., Color atlas of ophthalmic surgery: corneal and refractive surgery. (by H.J. Völker-Dieben) 197
G. Richard, Choroidal circulation. (by J.J. de Laey) 198

Volume 16 Nos. 4–5

Special Issue on Glaucoma **Editors: E.L. Greve & R.A. Hitchings**

Selected papers from the 4th Congress of the European Glaucoma Society
held in Amsterdam, The Netherlands, 20–24 May 1992

Editorial 201

Section 1: Visual function

B.J. Lachenmayr & S.M. Drance, Central function and visual field damage in glaucoma 203

P. Mierdel, H.-J. Zenker & E. Marré, The pattern ERG in glaucoma: effect of pattern reversal time 211

J.A. Abreu Reyes, M. Gonzalez de la Rosa, M. Sanchez Mendez, C.G. Mesa Moreno & R. Santos Barrera, Is oculokinetic perimetry useful? 215

J. Felius, C.T. Langerhorst, T.J.T.P. van den Bergh & E.L. Greve, Oculokinetic perimetry compared with standard perimetric threshold testing 221

Section 2: Optic nerve, haemorrhages

J. Stürmer, D. Poinoosawmy, D.C. Broadway & R.A. Hitchings, Intra- and inter-observer variation of optic nerve head measurements in glaucoma suspects using disc-data 227

B. Sonnsjö, Similarities between disc haemorrhages and thromboses of the retinal veins 235

Section 3: Retinal nerve fibre layer, posterior pole

E. Abecia & F.M. Honrubia, Retinal nerve fiber layer defects and automated perimetry evaluation in ocular hypertensives 239

R.L. Cooper, R.H. Eikelboom & C.J. Barry, Correlations between densitometry of red-free photographs and reflectometry with the scanning laser ophthalmoscope in normal subjects and glaucoma patients 243

Y. Yamazaki, C. Koide, F. Takahashi & H. Yamada, Diffuse nerve fiber layer loss in normal tension glaucoma 247

D. Schweitzer, S. Guenther, M. Scibor & M. Hammer, Spectrometric investigations in ocular hypertension and early stages of primary open angle glaucoma and of low tension glaucoma – multisubstance analysis 251

Section 4: Risk factors: vascular, angle-closure

R. Peräsalo, C. Raitta & J. Peräsalo, Optic nerve fiber loss in relation to atrial fibrillation and blood pressure 259

P.H. Alsbirk, Anatomical risk factors in primary angle-closure glaucoma. A ten year follow up survey based on limbal and axial anterior chamber depths in a high risk population 265

Section 5: Circulation posterior pole

F. Galassi, G. Nuzzaci, A. Sodi, P. Casi & A. Vielmo, Color Doppler imaging in evaluation of optic nerve blood supply in normal and glaucomatous subjects 273

F. Rohrwacher, C. Ulrich, A. Bernd, T. Barth & W.D. Ulrich, PR VECPs related to ciliary perfusion pressure in primary open angle glaucoma. A study using contact lenses to compensate for refraction changes during artificially raised IOP 277

A. Szymanski, A. Gierek-Lapinska, M. Koziak & S. Gierek-Kalicka, Axial and para-axial fluorophotometry in glaucoma simplex 283

Section 6: Intraocular pressure

G. Kretz & P. Demailly, X-PERT NCT advanced logic tonometer valuation 287

G. Hollo, P. Follmann & G. Pap, A clinical evaluation of X-PERT$^{\mu}$ (Reichert) for glaucoma screening by optometrists 291

B. Boles Carenini, B. Brogliatti, C. Tonetto & E. Renis, The Pulsair-Keeler non-contact tonometer in self-tonometry: preliminary results 295
S. Groenhoff, J. Draeger, C. Deutsch, R. Wiezorrek & B. Hock, Self-tonometry: technical aspects of calibration and clinical application 299

Section 7: Outflow
M. Diestelhorst & G.K. Kriegistein, Does aqueous humor secretion decrease with age? 305
P. Beneyto Martin, P.C. Fernández Vila, T.M. Pérez Martinez & D. Aliseda Pérez, A fluorophotometric study on the aqueous humor dynamics in primary open angle glaucoma 311
D. Aliseda Pérez, P.C. Fernández Vila & P. Beneyto Martin, Study on the aqueous humor flow measured by fluorophotometry after argon laser trabeculoplasty 315

Section 8: Medical treatment
M. Batterbury, S.P. Harding & D. Wong, Long-term drift and timolol therapy: possible role for pulsed therapy 321
X.D. Martin, F. Fankhauser II & P.A. Rabineau, Effects of timolol on visual-field mean retinal sensitivity in normal subjects 325
S. Duch, C. Duch, L. Pastó & P. Ferrer, Changes in depressive status associated with topical Beta-blockers 331
N. Yüksel, C. Güler, Y. Çağlar & O. Elibol, Apraclonidine and clonidine: a comparison of efficacy and side effects in normal and ocular hypertensive volunteers 337
O. Elibol, C. Güler & N. Yüksel, The effects of dopamine, haloperidol and bromocriptine on intraocular pressure 343
M. Virno, A. Gazzaniga, L. Taverniti, J.Pecori Giraldi & F. De Gregorio, Dopamine, dopaminergic drugs and ocular hypertension 349

Section 9: Surgical treatment
J. Németh & Z. Horóczi, Changes in the ocular dimensions after trabeculectomy 355
M.E. Turaçli, S.G. Aktan, B.S. Şayh & N. Akarsu, Therapeutical and genetical aspects of congenital glaucomas 359
C.E. Traverso, U. Murialdo, G. Di Lorenzo, D. Venzano, G. De Palma, E. Gandolfo, G.A. Calabria & M. Zingirian, Photoablative filtration surgery with the excimer laser for primary open-angle glaucoma: a pilot study 363
P. Demailly & G. Kretz, Daunorubicin versus 5-Fluoro-Uracil in surgical treatment of primary open angle glaucoma: a prospective study 367
H.C. Geijssen & E.L. Greve, Mitomycine, suterelysis and hypotony 371
F.M. Honrubia, E.J. Ferrer, J. Leciñena, C. Torrón & M.L. Gómez, Long term follow-up of the argon laser trabeculoplasty in eyes treated 180° and 360° of the trabeculum 375
P.T. Khaw, M.B. Sherwood, J.W. Doyle, M.F. Smith, I. Grierson, S. McGorray & G.S. Schultz, Intraoperative and post operative treatment with 5-Fluorouracil and mitomycin-c: long term effects in vivo on subconjunctival and scleral fibroblasts 381
A. Szymanski, Promotion of glaucoma filter bleb with tissue plasminogen activator after sclerectomy under a clot 387
N. Pfeiffer & F. Grehn, Improved suture for fornix-based conjunctival flap in filtering surgery 391
S. Wheatcroft, A. Singh, T. Casey & J. McAllister, Treatment of glaucoma following penetrating keratoplasty with transscleral YAG cyclophotocoagulation 397
C.C. Sterk, R.A. Borsje & J.L. van Delft, The effect of high-intensity focused ultrasound on intraocular pressure in therapy-resistant glaucoma 3-4 months and 1 year after treatment 401
A. Reibaldi & M.G. Uva, Surgical management of closed angle glaucoma: our experience 405
A. Wedrich, R. Menapace, U. Radax, P. Papapanos & M. Amon, Combined small-incision cataract surgery and trabeculectomy-technique and results 409

Volume 16 No. 6

M. Mäntyjärvi & M. Teräsvirta, Observations on color vision testing in ocular hypertension and glaucoma 417
M. Mäntyjärvi & K. Tuppurainen, Color vision in Stargardt's disease 423
L. Pinto-Figueiredo, J. Moita, V. Genro, M. Vinagre, R. Laires, M.J. Rosa, C. Cardoso & F. Carreiras, Diabetic retinopathy in a population of 1,302 insulin dependent diabetics (IDDM) diagnosed before 30 years of age 429
G.A. Peyman, N.C. Nelson Jr., C.L. Paris, K.J. Blinder, W.A. Alturki & U.R. Desai, Internal choroidectomy of posterior uveal melanomas under a retinal flap 439
S. Resnikoff, R. Luzeau, G. Filliard & O. Amedee-Manesme, Impression Cytology with Transfer in xerophthalmia and conjunctival diseases 445
W. Bernauer, P. Meyer, W. Zimmerli, B. Daicker & S. Ruettimann, Failure to control AIDS-related CMV-retinitis with intravenous ganciclovir 453
A. Pece, G. Gaspari, P. Avanza, R. Magni & R. Brancato, Best's multiple vitelliform degeneration 459
R. Komulainen, A. Tuulonen & P.J. Airaksinen, The follow-up of patients screened for glaucoma with non-mydriatic fundus photography 465
